### SUMMARY

Frontend Developer skilled in HTML, CSS, JavaScript, and React.js. Built responsive projects like a Time Management System with real-time tracking and automation. Focused on clean UI, performance, and continuous learning. Experienced with version control (Git) and creating mobile-friendly designs using Bootstrap. Quick learner, dedicated to writing clean, maintainable code.

### TECHNICAL SKILLS

Frontend : HTML, CSS, Javascript , Bootstrap

Backend : SQL,PHP

Tools : Github , VS Code

Programming Language : Java , C++ , C , Python

### PROJECTS

#### Time Management System

- Designed and developed a web-based Time Management System to streamline task planning, scheduling, and productivity tracking. The system allows users to create, update, and monitor daily tasks with real-time status updates and performance insights.
- Dynamic Task Scheduling based on deadlines and priorities
- Real-Time Progress Tracking with interactive UI
- Automated Reports and Email Alerts for due tasks

#### Student Attendance Management System

- Developed a web-based Student Attendance Management System that enables teachers and administrators to efficiently track and manage student attendance in real-time.
- Just like downloading daily Attendance PDFs, you can allow teachers or administrators to download the attendance data for specific classes, days, or timeframes in PDF format. This is useful for record-keeping, sharing with parents, or administrative purposes.

### EDUCATION

#### Bachelor of Computer Application

2022 - present

Shri Shahaji Chatrapati Mahavidyalay Kolhapur.

#### HSC

May 2019

KMC Collage Kolhapur.

#### SSC

Jun 2017

RCSM high School Kolhapur.

### ADDITIONAL INFORMATION

- **Languages:** English | Marathi | Hindi
- **Certifications:** Field Technician And Computing Peripherals | Data Entry Operator
